### SELECTED BUSINESS IMPACT

- Increased successful digital sales orders by 30%+ through process optimisation, automation and customer-journey improvements.
- Reduced sales errors, including high-risk errors, by approximately 90% through workflow redesign, automation, standardisation and stronger operational controls.
- Led and delivered 40+ digital sales, operational improvement and transformation initiatives across e-commerce, conversational commerce, activation, fulfilment and customer journeys.
- Managed high-volume iPhone launch operations end to end, achieving same-day delivery on release and zero customer complaints.
- Increased store revenue by approximately 160% while managing end-to-end retail operations at Twisted Vapor.

### PROFESSIONAL EXPERIENCE

#### ZAIN BAHRAIN

##### Digital Sales, Logistics & Activation Team Leader | Aug 2025 – Present

- Lead three units – Digital Sales, Logistics and Activation – with a combined team of 19, after taking on Logistics and Activation in addition to continued ownership of digital sales.
- Own the full digital order journey end to end – from eShop and WhatsApp sales through stock allocation, activation, fulfilment and delivery – including sales targets and channel performance.
- Drive process improvement and digitalisation initiatives to improve operational efficiency, order accuracy, turnaround time and customer experience.
- Manage stock allocation and operational readiness for major device launches and high-demand sales campaigns, coordinating internal teams, vendors and delivery partners.
- Monitor operational performance, service levels and reporting while resolving process bottlenecks and supporting data-driven decision-making.
- Lead employee onboarding, training, workload allocation and performance management while maintaining service and operational standards.
- Coordinate cross-functionally with Digital Sales, Retail, IT, Finance, Supply Chain and external partners to support seamless order execution and fulfilment.

##### eShop & Digital Sales Channels Leader | Feb 2022 – Aug 2025

- Led a 10-member digital sales team and managed sales performance across eShop, WhatsApp and other digital customer channels.
- Increased successful digital sales orders by 30%+ through process optimisation, automation and customer-journey improvements.
- Reduced sales errors, including high-risk errors, by approximately 90% through process redesign, workflow standardisation, automation and enhanced operational controls.
- Managed digital sales targets, channel operations, customer journeys, order management, vendor coordination, campaign execution and performance reporting.
- Led development and optimisation of digital sales journeys including eShop, WhatsApp, live chat, remote eKYC, payment, eSignature, document upload and activation.
- Delivered transformation initiatives including WhatsApp sales-channel development and automation, chatbot implementation, activation automation, automated credit-control eligibility checks and unified pricing visibility.
- Helped reduce end-to-end digital order turnaround time by approximately 90%.
- Developed and improved Arabic eShop journeys, simplified 5-click ordering, fast-delivery processes and integrations supporting more efficient fulfilment.
- Built operational processes, reporting frameworks, dashboards and performance-tracking mechanisms to improve visibility and decision-making.
- Coordinated extensively with technology, commercial, finance, logistics, customer-experience and external vendor teams to deliver digital sales improvements.

##### Retail Team Leader | Jan 2022 – Feb 2022

- Led a 7-member retail team, managing branch operations, sales targets, customer experience and daily operational performance.
- Coached employees against sales and service KPIs while supporting performance improvement and target achievement.
- Managed stock, visual merchandising, operational reporting and customer issue resolution.
- Trained and onboarded new retail agents across products, systems, sales processes and customer-service standards.

#### **Treasury Accountant | Feb 2021 – Jan 2022**

- Reconciled daily retail shop-closing transactions and maintained accurate financial records.
- Processed transactional data through ERP systems and monitored cash inflows and outflows.
- Coordinated with the external cash-collection partner, tracked collections and supported discrepancy resolution.
- Supported financial controls and reconciliation across retail operations.

#### **Digital Sales Channels Agent | Mar 2020 – Feb 2021**

- Managed digital sales and customer interactions across eShop, WhatsApp/chat and online channels while working against defined sales targets.
- Processed end-to-end digital orders and supported customers through product selection, purchasing, activation and fulfilment.
- Resolved digital-order issues and identified upselling opportunities while maintaining customer-service standards.
- Built hands-on expertise in e-commerce operations and digital customer journeys before progressing into leadership.

#### **Retail Sales Representative | Feb 2019 – Mar 2020**

- Consistently achieved monthly sales targets throughout the role.
- Managed product and service sales, customer enquiries, upselling, activations and complaint resolution.
- Handled cash transactions, stock activities and daily retail operational requirements while maintaining customer-service standards.

### **SELECTED DIGITAL TRANSFORMATION & COMMERCIAL PROJECTS**

---

- **Digital Sales Journey Transformation:** Led initiatives across eShop, app, WhatsApp, live chat, logistics and activation to simplify customer journeys, improve conversion, reduce processing time and increase successful digital orders.
- **WhatsApp Sales & Automation:** Built and developed the Sales WhatsApp channel, introduced automation and chatbot capabilities, and improved conversational sales and customer-support workflows.
- **End-to-End Order Journey Optimisation:** Helped reduce end-to-end order turnaround time by approximately 90% through process redesign, automation and cross-functional operational improvements.
- **Digital Identity & Remote Sales:** Supported NHIR/eKYC-enabled digital ordering and developed remote customer journeys incorporating identity verification, payments, eSignature, document upload and activation.
- **Sales Process Automation & Controls:** Implemented initiatives including activation automation, automated credit-control eligibility checks, unified pricing visibility and stronger workflow controls, contributing to approximately 90% fewer sales errors.
- **E-Commerce Customer Journey Improvement:** Developed simplified 5-click eShop ordering, Arabic eShop journeys and other digital-channel improvements focused on conversion, accessibility and customer experience.
- **iPhone Launch Operations (2021 – Present):** Lead operational planning and execution for annual iPhone launches covering preorders, stock allocation, staffing, event setup, customer communication, payment collection, logistics, delivery and reporting. Delivered high-volume preorder launches with fast order handling, same-day delivery on release and zero customer complaints.
- **Digital Sales Operating Model:** Developed and standardised digital sales operating processes, documentation and workflows covering sales, fulfilment, logistics, activation, customer handling and performance management.

### **ADDITIONAL COMMERCIAL EXPERIENCE**

---

#### **TWISTED VAPOR**

##### **Store Manager | Jun 2018 – May 2019**

- Managed end-to-end store operations, staff supervision, sales targets, cash controls, inventory, suppliers, merchandising and customer service.
- Increased store revenue by approximately 160% through stronger sales execution, operational management and customer engagement.
- Managed employee performance, inventory availability and day-to-day commercial operations.

#### **BAHRAIN CREDIT**

##### **Financial Services Advisor Trainee (Part-Time) | Jan 2019 – May 2019**

- Provided customer financial consultations and supported loan and finance applications from initial enquiry through documentation.
- Reviewed customer documents and eligibility requirements and explained appropriate financial products.
- Supported sales conversion while maintaining customer-service and application-processing standards.

##### **Promoter | Sep 2018 – Jan 2019**

- Generated leads and promoted financial products through direct customer engagement, events and promotional booths.
- Explained finance products, collected prospective-customer information and supported lead qualification and sales conversion.

### **EDUCATION**

---

#### **MSc Project Management | Arden University | Oct 2026 – Expected Oct 2027**

#### **Bachelor's Degree in Banking & Finance, Minor in Marketing | University of Bahrain | 2016 – 2021**
